EMURGO, the official commercial arm of Cardano - the first third-generation blockchain to evolve out of a research-driven approach - is committed to driving the adoption of Cardano as the blockchain protocol of choice for enterprises and developers thereby bringing value to ADA holders. We are excited to bring together three of our advisory clients: ***YOOSourcing, and two new blockchain projects to be exclusively unveiled at our upcoming Tokyo meetup on June 10th 2019!***

If you are in Japan, please join us for an introduction to three companies building on Cardano blockchain, as well as a panel discussion and unique networking opportunity! There will also be a special VIP guest appearance & talk by Charles Hoskinson - Cardano ADA co-founder, IOHK CEO, & blockchain visionary - about How Cardano Will Integrate Real World Public Blockchain Adoption.

Project Introduction

YOOSourcing - A collaborative solution for global sourcing based on blockchain.

YOOSourcing is shaping the future of global trade by introducing a new way of sourcing that we call “collaborative social sourcing.”

“We bring trust and transparency to international trade through the introduction of several innovative features into sourcing such as geolocation and crowd-verification of suppliers, a dedicated instant messaging tool, blockchain-based smart contract and machine learning-based matching system between buyers and suppliers.” - YOOSourcing team.
