

EMURGO: Celebrating Cardano's Second Anniversary With Prize Giveaways!

 emurgo.io/en/blog/celebrate-cardano-second-anniversary

Cardano ADA is quickly approaching the second anniversary of its listing on September 29th, 2019!

As the official commercial arm of Cardano, EMURGO drives global Cardano adoption by building the Cardano ecosystem with a diverse set of valued stakeholders. Earlier this year, EMURGO announced that Y2X - a leading New York-based digital merchant bank - will help entrepreneurs raise capital for expansion through Securities Token Offerings (STOs) and other means. Cardano will become the protocol of choice for Y2X and its portfolio firms, especially in the field of regulated STOs, therefore providing an increased value add to ADA holders.

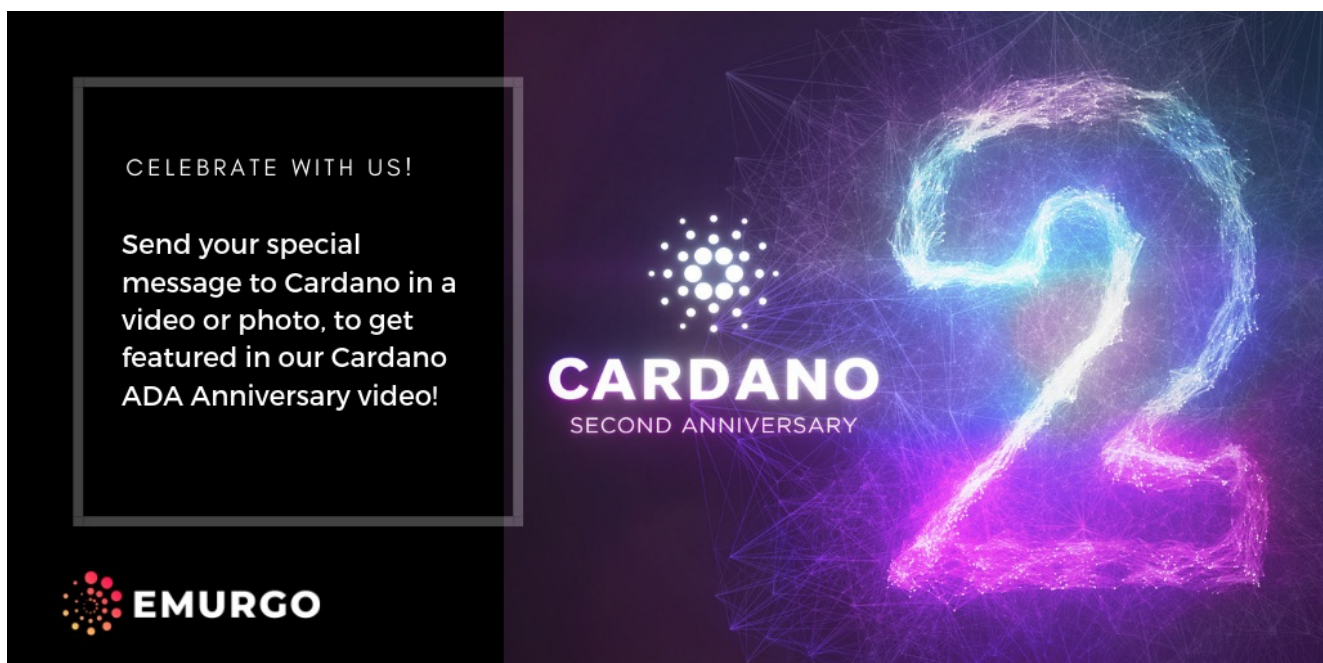

More recently, EMURGO signed MOUs with two South Korean government-approved trade associations to further drive the adoption of Cardano, not to mention our release of Seiza Cardano Blockchain Explorer and updates of Yoroi ADA Wallet, among others. Focused on building the commercialization of Cardano with a rich ecosystem, EMURGO is consistently developing products for the community, educating developers, investing into promising

ventures & startups through our dLab accelerator, and providing professional advisory services to enterprises wishing to implement Cardano's third-generation blockchain solution.

To date back, the journey officially began nearly two years ago on September 29th, 2017 - when Cardano ADA was first listed on a cryptocurrency exchange. All of Cardano's successes in a short amount of time would not have been possible without the team at EMURGO, IOHK & Cardano Foundation, and the worldwide Cardano community. On this special event of our second anniversary, we want our valued Cardano community to know that your trust and support has always been the biggest drivers of Cardano's remarkable growth!

Second Anniversary Campaign #Cardano2Years

To celebrate the vibrant Cardano community and highlight the progress made over the past two years, EMURGO will be editing an exclusive video! It is now your chance to get featured in the Cardano ADA Anniversary video. Please check the details below for the submission formats!
